

DRILL STRING SERVICES

Repairs, inspections and manufacturing services

One Team, One Vision

HIDRAMAR GROUP HOLDING COMPANY

Hidramar Group is a Spanish holding Company controlling two shipyards in Canary Islands, Spain. Was founded in 1989 by a family originally from the Canary Islands. Both shipyards are located in a Free-Trade Zone. With a strategic position in the middle of the Atlantic Ocean, where maritime routes from three continents are connected (Europe, Africa, and America).

Hidramar group actively supports all the major Oil & Gas drilling contractors and their OEMs, we are proud of our hands-on Shipyard general services and the technical expertise, we offer 24/7 round the clock to all our customers safely. We have acquired strong MODUs upgrade & repair knowledge including SPS projects through integrated planning with clients, OEMs.

Our ONE TEAM, ONE VISION strategy helped us in the safe execution of projects in Tenerife and Gran Canaria with local workforce.

VISION & MISSION

Our vision

To become a preferred shipyard partner in Canary Islands, Atlantic Ocean for the Global Oil & Gas and Marine industry.

Our mission

To provide cost effective and efficient offshore Project management, marine engineering and quality shipyard general services to our valued clients globally through our highly skilled internal staff.

QUALITY, HEALTH, SAFETY, ENVIRONMENT AND SUSTAINABILITY

Hidramar Group operates a comprehensive integrated quality and HSE management system. We are constantly seeking to improve and to ensure that our organizational structure keeps up with other leading international companies standards.

Our quality Management System is based on ISO 9001:2015, our Health and Safety Management System is based on OHSAS 18001:2007 and our Environmental Management System is based on ISO 14001:2015, all certified by Lloyd's Register.

As our people is the heart of our business,
our commitment goes further.

Diversity, gender equity and social inclusion

It is not just an aim, but a global business policy. It is about our Group welcoming the talents and ideas of people with different backgrounds, experiences, and attitudes to encourage our continued success in providing clients with the high-quality service they deserve.

Global Responsibility & Sustainability

Our team consciously works together to protect the environment and have a positive impact on the communities where we live and work. We have internship programs that allow us to collaborate with local and international universities, improving opportunities to young people.

Hidramar Group Green

We continuously work to recognize and promote more sustainable alternatives through operational efficiencies, all in an effort to manage and reduce Shipyards effect on the environment.

HIDRAMAR SHIPYARDS

Free-Trade Zone - Las Palmas de Gran Canaria

Free Trade Zone Workshops, is where it all began as our first location in Las Palmas Port. More than 12,000 sqm facilities, well equipped hydraulics workshops with surface treatment plant, lathe, pressure test areas and all the facilities required to allow Hidramar become the reference in hydraulics in the Region. After an extension, we build our mechanical workshops and the pipes and risers overhauling and inspection yard.

Our facilities are composed by a Drill String Yard of more than 6,000 sqm, a storage area of 3,000 sqm, a Heavy Machinery, hydraulic and mechanical workshop of 2,900 sqm, and a 600 sqm Management office. We also offer for our Valued Clients 11,000 sqm more on demand.

1

Drill pipe and Riser inspection yard

- 6000m²
- Pressure testing auxliary and main tubes capability.

2

Heavy machinery, hydraulic and mechanical workshop

- 2900 m².
- 120 t. Overhead crane.
- 9 metres high under hook.
- CNC Oil Country Lathe machine for drillpipe box and pin end thread repairs.

3

Management office

- 600 m².
- Technical office & Production.
- Conferrence room.
- Client office.

HIDRAMAR SHIPYARDS

Free-Trade Zone - Las Palmas de Gran Canaria

Our Hydraulic Repairs & Precision Machining Services include:

- Cylinder liner honing machining
- Particle counter and hydraulic flushing services
- Cylinder Repair Center
- Fixed boring machine up to 3600mm
- Column and flag drills
- Surface grinding machining
- Hydraulic test bench for cylinders, motors & pumps

HIDRAMAR SHIPYARDS

Reina Sofia (ISPS), Las Palmas de Gran Canaria

In the third quarter of 2017, we completed the construction work and redevelopment of our existing aggregate holding zone. We have created our new secure world-class ISPS quayside facility located at Reina Sofia Dique in Las Palmas de Gran Canaria.

TENERIFE SHIPYARDS

Muelle de Rivera Granadilla Port

Our cost-effective and efficient project management attracts clients; at the same time than Hidramar, we were finishing our second and new secure world-class ISPS quayside facility in Tenerife Island, located at Dique del Este in Santa Cruz de Tenerife, and with 17,000 sqm facilities

With 300 m of quayside and an extensive yard of 35,000 sqm, is located just 10 Km from an international airport.

It is currently investing to set a world-class base to keep expanding its shipyard capabilities while becoming a world reference for Panamax dry-docking and offshore asset fabrication.

TUBULAR SERVICES

TUBULAR INSPECTION & REPAIRS

We aim to be a pioneering Holding Company, challenging ourselves to always have an innovative and technical mindset, continually testing new ways of doing our work, learning from it, and improving it.

API & NOV GP licensed facility strategically located on The Canary Islands, our team serves the West African region, Europe, GOM and South America.

With the combination of our experience, and high-quality service, we can provide tubular inspections and drill pipe inspections, detecting defects, preventing serious damage and guaranteeing smooth operation.

Check our works in action!

DRILL PIPES AND BHA CLEANING, INSPECTION AND REPAIRS

Our services include a wide range of in-house taylor solutions, such as:

- Inspections are carried out in accordance with industry standard and client specification.
- Drill Pipes - DS-1 Cat: 1 to Cat: 5, NS-2 and API RP 7G-2.
- Thick Wall Drill Pipes - DS-1 HDLS (FLUT) NS-2.
- Fishing Tools and BHA (Drill Collars, Hevi-Wate Drill Pipes, Subs, etc.) – DS-1 CAT: 3-5, NS-2 and API RP 7G-2.
- Iron/Chiksan Recertification.
- Traceability Services.
- Long-term storage and management of drilling tubulars.

RISERS INSPECTION & REPAIRS OEM SUPPORT

We offer Risers inspections and repairs supporting Rig Owners and ORMs where we can either provide full recertification.

- Storage and handling.
- UHP cleaning main tube and auxiliary lines.
- Inspection and evaluation.
- Non-destructive inspection through wall scanning.
- Disassembly and assembly.
- Full support facilities and equipment to OEM repairs.
- Blasting and coating
- Pressure testing auxiliary and main tubes.
- Bouyancy modules assembly and disassembly.
- Bouyancy modules inspections and repairs.
- Marking/coating including xylon, everlick and hot deep galvanized.
- Verification of markings.
- Preservation.

DRILL STRING MAINTENANCE

CLEANING & PHOSPHATE COATING UNITS

Our facilities have the only In-house taylor made buffing machines in the region, capable of removing dirt and rust on the tubular OD as well as pressure cleaning the ID at the same pipe and refacing in field capabilities, anti-corrosive product application.

We have the capabilities to perform any of the following inspections:

- Dimensional inspection (DT)
- Visual inspection (VT)
- Magnetic particle inspection (MT)
- Liquid-dye penetrant inspection (PT)
- Electromagnetic tubular inspections (ET. MFL)
- Ultrasonic inspection of RSC (UT-RSC)
- Ultrasonic inspection of high-stress areas and tube upsets (UTEA)
- Full length Ultrasonic inspection (FLUT)

DRILL STRING LIFTING CAPABILITIES

Tenerife Shipyards safely deliver mob & demob projects for vessels, drillships, and installations with cost-effective solutions.

Our company relies on the use of state-of-the-art technology in our locations, and with our crange capacities up to 1300 Tons upon request and locally up to 600 Tons, we can execute your project without any difficulties.

CNC MACHINING SERVICES

We aim to be a pioneering Holding Company, challenging ourselves to always have an innovative and technical mindset; continually testing new ways of doing our work, learning from it, and improving it.

Hidramar serves the West African region, Europe, GOM and South America multiple licenses to manufacture & repair API & NOV GP drilling tools and connections:

API Specification Q1, API Specification 7-1
API Specification 5CT Casing and Tubing
Repair / Manufacture of all API Connections

NOV GP Licensed Premium Connections:
DPR HPT™
XT™
TT™
